ARLINGTON CENTER · MASSACHUSETTS AVENUE

GET YOUR SHOP ON THE MAP

Local Revolt Arlington is a free, community-driven platform built to drive foot traffic back to the independent shops lining Mass Ave. We give your shop a searchable web presence — complete with immersive 360° interior tours and innovative ways to interact with potential clientele.

BENEFITS

WHY PARTNER WITH US?

Seven reasons to list your shop today.

INCREASE FOOT TRAFFIC 01

Your shop gets discovered by local residents and visitors browsing Mass Ave online — turning digital interest into people through your door.

IMMERSIVE 360° TOURS 02

Customers can step inside your shop before they arrive, building the familiarity and confidence that encourages them to visit in person.

AI-POWERED SEARCH 03

Site visitors search for items across every listed shop at once. When your inventory is on the platform, it shows up in their results.

PAGE-VIEW METRICS 04

See how many people viewed your shop page and what products they searched for — simple, actionable insight with no technical setup required.

COMMUNITY BOARD

05

Neighbors post "looking for" requests on the site. A well-stocked listing means your shop comes up when someone is already looking to buy.

CONNECT WITH SHOPPERS

06

You can choose to add a photo, phone and email contact details, and hours you and various team members are in the store. This allows shoppers to connect with specific questions, just like reaching out to a trusted friend.

REACT TO SHOPPER NEEDS

07

Under the Circular Economy section, residents can post for items they are looking for. Shop owners are welcome to reply to those posts if they think they have something in stock which meets the post needs!

WHAT WE NEED FROM YOU

PARTNERSHIP CHECKLIST

A rough starting point is all we need — we refine everything together over time.

A STARTING INVENTORY LIST

Provide items in any format — a spreadsheet, a notes-app export, or photos of shelves with item names written alongside them. For each item, we collect:

Field	Required	Example
Title (item name)	Yes	Vintage Oak Side Table
Price	Optional	$45
Description	Optional	Mid-century style, minor wear
Photo	Optional	Photo file or image link
Category	Optional	e.g., Furniture, Books, Home & Kitchen

B 360° INTERIOR PANORAMAS

Immersive interior photos let site visitors step inside your shop before they arrive. Multiple panoramas are welcome — the goal is to cover as much of your store as possible.

FREE APPS TO CAPTURE PANORAMAS

App	Platform	How
Google Maps (photosphere)	Android	Maps → Contribute → Camera → Photo Sphere *(feature availability varies by app version)*
Panorama 360 Camera	iOS / Android	Free app, exports equirectangular JPEGs — **recommended** for reliable high-res output
Google Street View APK	Android	Version 2.0.0.303 retains photosphere capture; search APK Mirror for the installer

TIPS FOR A QUALITY RESULT

- ✓ Stand in the center of each room or area
- ✓ Hold the phone at chest height
- ✓ Follow the on-screen guide dots slowly and steadily
- ✓ Avoid moving objects — people, fans, open doors
- ✓ Target resolution: 3840 × 1920 px (2:1 aspect ratio) — lower-resolution shots are still usable; we will advise if quality is too low to publish
- ✓ Take multiple shots and we will select the best stitch

C SHOP OWNER PROFILE *(optional)*

Putting a face to the shop strengthens the personal connection that makes local retail special. If you are comfortable sharing:

- A photo and a short bio about you and your shop's story
- Contact details — we may add a direct-messaging option so site visitors can reach you with questions, mirroring the experience of walking in and chatting in person

Sharing contact information is entirely voluntary but encouraged — it builds community trust and keeps the shopping experience personal.

D

UPDATE CADENCE

By default we schedule a **quarterly check-in** to refresh your inventory, photos, and shop details. If you prefer a different rhythm — more frequent, less frequent, or updates as-needed — just let us know.

PROCESS

HOW IT WORKS

No complicated setup on your end. We handle everything technical.

1

YOU SHARE

Send us your starting inventory and panorama photos in whatever format works for you.

2

WE BUILD

We set up your page with a 360° tour, searchable inventory, and your profile details.

3

YOU GO LIVE

Your listing appears on Local Revolt Arlington, discoverable by everyone visiting the site.

4

YOU GROW

Track page views and search queries so you understand how the community engages with your shop.
